HAROLDO CARVALHO
- FRONT-END DEVELOPER & UI/UX DESIGNER -

</>

" Graduated in Communication in Digital Media from UFPB. I work in the areas of Web Development and UI design, creating websites and application interfaces with emphasis on user experience (UX). I am also able to produce any kind of media content (print and digital), create visual identities and manage social media. My proposal is quite simple: transform your idea into a viable and optimized digital solution.
